# ABOUT US

---

The Alumni Association of UiTM Sabah is a vibrant community dedicated to uniting graduates, fostering collaboration, and empowering members to create a lasting impact within Sabah and beyond. Established in the late 1990s, the association serves as a bridge that connects past and present students, ensuring that the spirit of UiTM continues to thrive long after graduation.

Our journey began in 1997, when YB Datuk Masidi Hj Manjun, then Chairman of the Institute of Development Studies (IDS), laid the foundation for the association. Later that year, a Pro-Tem Committee was formed to spearhead its establishment. By the early 2000s, the association was officially founded, marking the beginning of a legacy that continues to strengthen the UiTM Sabah alumni network.

Today, the association stands as a platform for professional growth, lifelong learning, and meaningful engagement. We provide opportunities for alumni to connect, collaborate, and contribute to their alma mater, while also playing an active role in community development.

Through our initiatives, we remain committed to upholding the prestige of UiTM and supporting the success of our members – ensuring that every graduate remains a valued part of the UiTM Sabah family.
