MSR TOP MEXC ENGINEERING

2026 / 27

ESTABLISHED SINCE 2004

MSR TOP MECX ENGINEERING SDN BHD

COMPANY PROFILE

Engineering Excellence. Reliable Industrial Solutions.

Delivering professional engineering, industrial fabrication, machinery installation, automation, construction and high-way maintenance solutions.

WEL – COME

TO MSR TOP MECX ENGINEERING

Engineering Excellence. Reliable Industrial Solutions.

Welcome to MSR TOP MECX ENGINEERING SDN BHD, your trusted partner in engineering, industrial fabrication, machinery installation, and infrastructure solutions.

Established in February 2004, we are a Malaysian engineering company with extensive experience serving the automotive, manufacturing, construction, and infrastructure sectors.

Our expertise covers steel fabrication, industrial machinery relocation, conveyor and assembly line installation, mechanical and electrical systems, PLC integration, factory renovation, and highway maintenance works.

Supported by skilled technical personnel and practical industry experience, we are committed to delivering quality workmanship, reliable solutions, and timely project completion in accordance with our clients' requirements.

Building Trust Through Quality & Commitment

We believe every successful project begins with a strong partnership. Through continuous improvement, technical expertise, and a customer-focused approach, we strive to build lasting relationships based on trust, reliability, and mutual success.

Together, We Engineer Better Solutions for Tomorrow.

COMPANY OVERVIEW & CORPORATE SNAPSHOT

Built on Experience. Driven by Excellence.

MSR TOP MECX ENGINEERING SDN BHD, established in 2004, is a Malaysian engineering company specialising in industrial fabrication, machinery installation, mechanical and electrical services, construction, and infrastructure maintenance.

We deliver reliable, quality-driven engineering solutions across the automotive, manufacturing, and construction sectors.

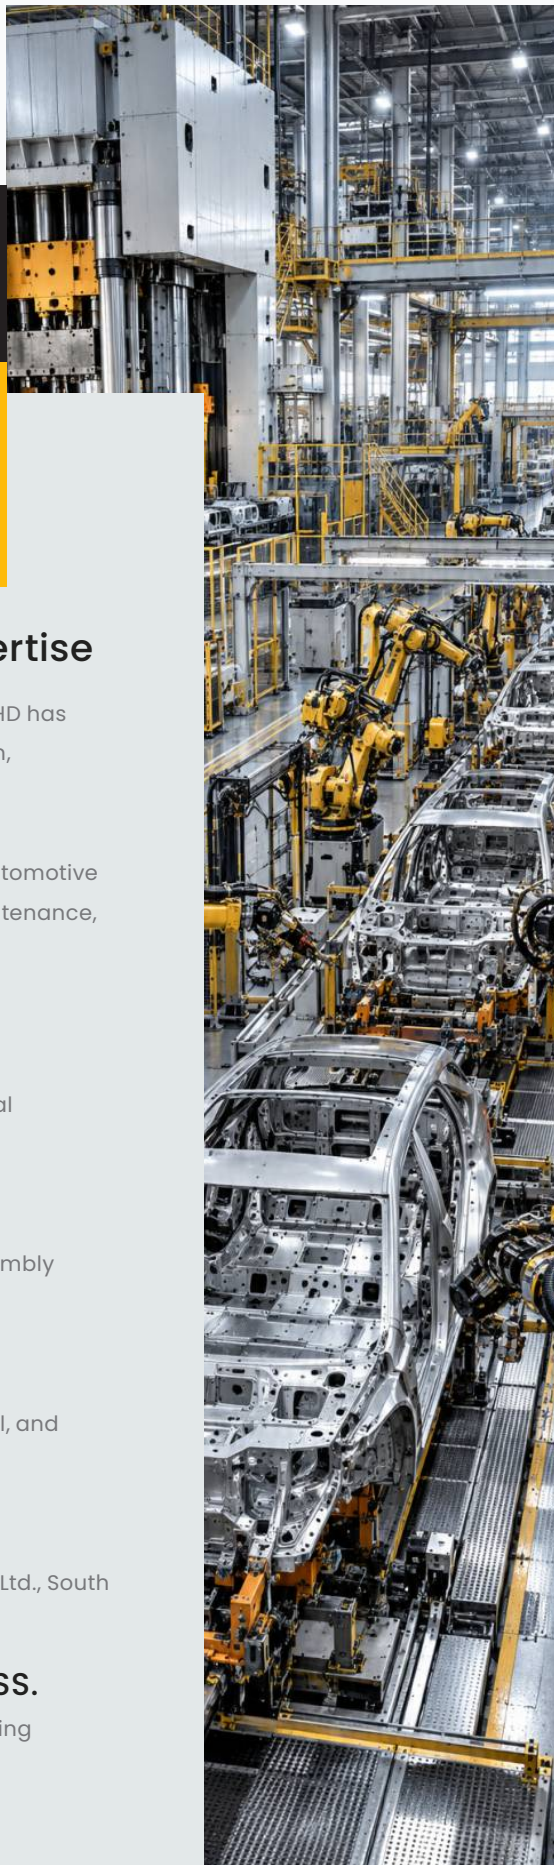

CORPORATE INFORMATION

Particulars	Details
Company Name	MSR TOP MECX ENGINEERING SDN BHD
Registration No.	643650-W
Established	February 2004
Ownership	100% Bumiputra
Location	Rawang, Selangor, Malaysia
Workforce	20 Personnel*
Core Business	Engineering, Fabrication & Installation

OUR KEY STRENGTHS

01. Proven Experience — Established since 2004.
02. Integrated Solutions — Mechanical, electrical and fabrication expertise.
03. Industry Expertise — Automotive, manufacturing and infrastructure.
04. Quality Commitment — Reliable workmanship and customer satisfaction.

OUR JOURNEY & EXPERIENCE

Over Two Decades of Engineering Expertise

Since our establishment in 2004, MSR TOP MECX ENGINEERING SDN BHD has built extensive experience in industrial engineering, steel fabrication, machinery installation, and infrastructure works.

Over the years, we have successfully undertaken projects across automotive manufacturing, industrial facilities, construction, and highway maintenance, strengthening our technical capabilities and industry relationships.

OUR JOURNEY

- 2004 – Our Beginning
  Established in Malaysia, focusing on engineering and industrial fabrication services.

- Industrial Expansion
  Expanded capabilities in steel pallets, conveyor systems, assembly lines, and machinery installation.

- Diversified Expertise
  Undertook construction, factory renovation, highway guardrail, and infrastructure projects.

- 2026 – Strategic Partnership
  Appointed as an authorized distributor and installer of ETI Co., Ltd., South Korea, for the Malaysian market.

BUILT ON EXPERIENCE. COMMITTED TO PROGRESS.

Continuously improving our capabilities to deliver reliable engineering solutions and lasting value to our clients.

VISION, MISSION & CORE VALUES

Driven by Quality. Committed to Excellence.

OUR VISION

To be a trusted engineering solutions provider, recognised for quality workmanship, technical expertise, and reliable services across industrial and infrastructure sectors.

OUR MISSION

To deliver efficient, innovative, and cost-effective engineering solutions through skilled professionals, continuous improvement, and a strong commitment to customer satisfaction.

OUR CORE VALUES

01. Quality Excellence
Delivering reliable solutions with high standards of workmanship.

02. Integrity & Trust
Building lasting relationships through honesty and accountability.

03. Safety & Responsibility
Promoting safe working practices in every project.

04. Innovation & Improvement
Continuously enhancing our skills, technology, and processes.

05. Customer Commitment
Understanding client needs and delivering solutions that create lasting value.

ENGINEERING WITH PURPOSE. DELIVERING WITH CONFIDENCE.

OUR ENGINEERING EXPERTISE

Technical Expertise. Reliable Engineering Solutions.

At MSR TOP MECX ENGINEERING SDN BHD, we combine technical knowledge, practical experience, and skilled workmanship to deliver comprehensive engineering solutions for industrial, manufacturing, and infrastructure projects.

Our expertise covers mechanical, electrical, fabrication, installation, and maintenance services tailored to meet diverse operational requirements.

OUR KEY EXPERTISE

01. Mechanical Engineering
Industrial machinery installation, relocation, maintenance, and production line improvement.

02. Electrical & PLC Systems
Industrial wiring, electrical distribution connections, and PLC system installation.

03. Steel Fabrication & Welding
Custom steel structures, industrial pallets, racking, and precision welding works.

04. Industrial Automation & Conveyor Systems
Assembly lines, conveyor systems, robotic components, and stamping line support.

05. Construction & Infrastructure
Factory renovation, structural works, highway guardrail installation, and road maintenance.

INTEGRATED EXPERTISE. DEPENDABLE RESULTS.

OUR CORE BUSINESS & SERVICES

Comprehensive Engineering Solutions Under One Roof.

At MSR TOP MECX ENGINEERING SDN BHD, we provide a wide range of engineering, fabrication, installation, and maintenance services to support industrial operations, manufacturing facilities, and infrastructure projects.

OUR CORE SERVICES

01. Industrial Fabrication & Welding
Custom steel fabrication, industrial pallets, racking systems, and welding solutions.

02. Machine Transfer & Installation
Machinery dismantling, relocation, installation, and production line setup.

03. Conveyor & Assembly Line Systems
Design, fabrication, and installation of conveyor systems and assembly lines.

04. Mechanical, Electrical & PLC Works
Industrial wiring, air piping, PLC systems, and machinery maintenance

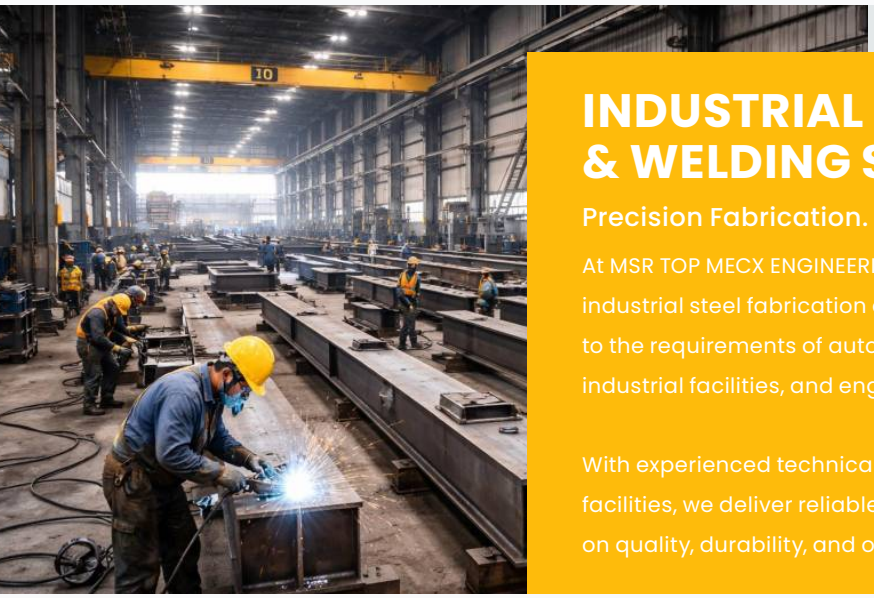

05. Robotics & Automation Support
Robotic components, stamping line systems, and production line improvements.

06. Construction & Civil Works
Factory renovation, structural works, fencing, and industrial facility improvements.

07. Highway & Road Maintenance
Guardrail installation, road safety infrastructure, and highway maintenance services.

08. Engineering Equipment & General Trading
Supply of engineering products, industrial equipment, and related technical support.

COMPLETE SOLUTIONS. RELIABLE PERFORMANCE.

INDUSTRIAL FABRICATION & WELDING SOLUTIONS

Precision Fabrication. Quality Workmanship.

At MSR TOP MECX ENGINEERING SDN BHD, we provide industrial steel fabrication and welding solutions tailored to the requirements of automotive manufacturing, industrial facilities, and engineering projects.

With experienced technical personnel and workshop facilities, we deliver reliable fabrication services focused on quality, durability, and operational efficiency.

OUR FABRICATION CAPABILITIES

01. Steel Fabrication
Custom steel structures, industrial components, platforms, and engineering supports.

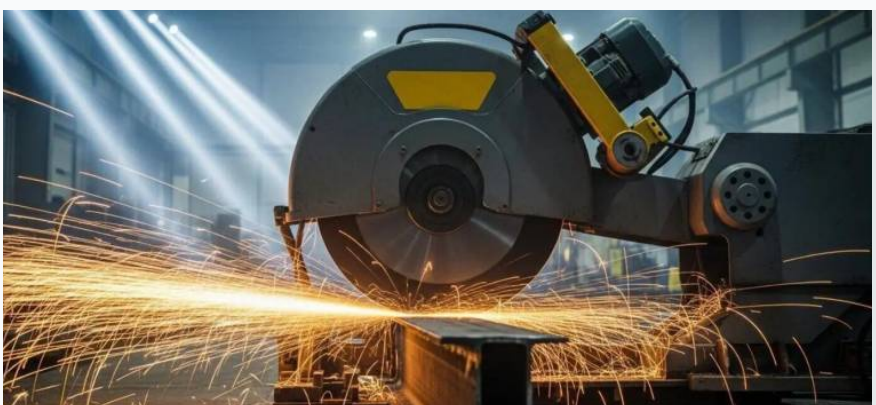

02. Industrial Welding
MIG/CO_2 and ARC welding services for steel fabrication and assembly works.

03. Steel Pallet & Racking Fabrication
Design and fabrication of automotive pallets, industrial racks, and storage structures.

04. Conveyor & Assembly Line Fabrication
Fabrication of conveyor structures, welding assembly lines, and production platforms.

05. Custom Engineering Components
Fabrication of robotic fingers, brackets, jigs, and specialised industrial components.

BUILT WITH PRECISION. DELIVERED WITH QUALITY.

STEEL PALLET, RACKING & STORAGE SOLUTIONS

Strong Structures. Smarter Industrial Solutions.

At MSR TOP MECX ENGINEERING SDN BHD, we specialise in the design and fabrication of steel pallets, industrial racking, and customised storage solutions for automotive manufacturing and industrial operations.

Our fabrication expertise supports efficient material handling, organised storage, and reliable production processes, with solutions tailored to customer specifications.

OUR KEY SOLUTIONS

01. Automotive Steel Pallets
Custom-designed steel pallets for automotive components and production requirements.

02. Industrial Racking Systems
Fabrication of steel racks and storage structures for industrial applications.

03. Custom Steel Frames & Supports
Steel frames, brackets, and supporting structures for manufacturing operations.

04. Material Handling Solutions
Fabricated pallets and structures to support component handling and movement within production facilities.

05. Custom Design & Fabrication
Tailored steel fabrication solutions based on operational needs and technical specifications.

ENGINEERED FOR STRENGTH. DESIGNED FOR EFFICIENCY.

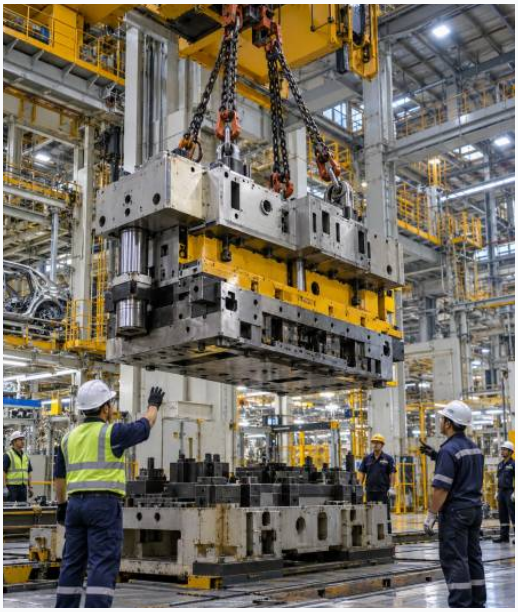

MACHINE TRANSFER, DISMANTLING & INSTALLATION

Precision Handling. Seamless Industrial Operations.

At MSR TOP MECX ENGINEERING SDN BHD, we provide machinery dismantling, relocation, and installation services for automotive manufacturing plants and industrial facilities.

Our technical expertise covers machine transfer, production line reinstallation, mechanical assembly, electrical wiring, air piping, and PLC system integration to support efficient industrial operations.

OUR KEY SERVICES

01. Machinery Dismantling
Systematic dismantling of industrial machines, equipment, and production lines.

02. Machine Relocation & Transfer
Transfer and repositioning of industrial machinery, stamping equipment, and assembly systems.

03. Equipment Installation & Reassembly
Installation and reassembly of machines, dies, jigs, and production equipment.

04. Electrical, Air Piping & PLC Integration
Associated electrical wiring, compressed air piping, and PLC system connections.

05. Production Line Installation
Installation of stamping lines, welding assembly lines, robotic lines, and conveyor systems.

PRECISION IN EVERY MOVE. RELIABILITY IN EVERY INSTALLATION.

ASSEMBLY LINE & CONVEYOR SYSTEMS

Streamlined Production. Efficient Industrial Solutions.

At MSR TOP MECX ENGINEERING SDN BHD, we specialise in the design, fabrication, and installation of conveyor systems and assembly lines for automotive manufacturing and industrial operations.

Our expertise supports production line improvement, efficient material handling, and reliable equipment integration to meet specific manufacturing requirements.

OUR KEY SERVICES

01. Conveyor System Fabrication
Design and fabrication of industrial conveyors, including roller conveyors and material handling systems.

02. Assembly Line Installation
Installation of welding assembly lines, stamping lines, and industrial production systems.

03. Production Line Improvement
Modification and improvement of existing manufacturing lines to support operational efficiency.

04. Industrial Platforms & Structures
Fabrication and installation of steel platforms and supporting structures for assembly operations.

05. System Integration & Support
Mechanical installation, electrical wiring, air piping, and PLC system connections.

ENGINEERED FOR EFFICIENCY. BUILT FOR PERFORMANCE.

ROBOTIC, STAMPING & AUTOMATION SUPPORT

Precision Engineering. Smarter Production Solutions.

At MSR TOP MECX ENGINEERING SDN BHD, we provide technical support for robotic systems, stamping machinery, and industrial production line improvements across automotive and manufacturing facilities.

Our expertise in mechanical fabrication, machine installation, electrical wiring, and PLC systems helps support reliable equipment operation and efficient manufacturing processes.

OUR KEY SERVICES

01. Robotic Components & Fabrication
Design and fabrication of robot fingers and customised components for stamping lines.

02. Stamping Machine Support
Installation, relocation, and maintenance of stamping machines, dies, and related equipment.

03. Industrial Automation Support
Mechanical and electrical support for robotic lines and automated production systems.

04. PLC & Electrical Systems
PLC system connections, industrial wiring, and electrical integration for production equipment.

05. Production Line Improvement
Modification, installation, and improvement of stamping and assembly lines to support operational efficiency.

PRECISION IN AUTOMATION. RELIABILITY IN PRODUCTION.

MECHANICAL, ELECTRICAL & MAINTENANCE SERVICES

Reliable Maintenance. Efficient Industrial Operations.

At MSR TOP MECX ENGINEERING SDN BHD, we provide mechanical, electrical, and industrial maintenance services to support manufacturing facilities, production machinery, and industrial systems.

Our experienced technical team delivers machinery maintenance, electrical wiring, equipment installation, and system improvements to help maintain operational reliability and production efficiency.

OUR KEY SERVICES

01. Mechanical Maintenance
Maintenance and repair of industrial machinery, stamping dies, and production equipment.

02. Electrical Installation & Wiring
Industrial electrical wiring, distribution board connections, and machine power supply installation.

03. PLC System Support
PLC wiring, system connections, and integration with industrial machinery.

04. Air Piping & Utility Connections
Installation of compressed air piping and related connections for production equipment.

05. Conveyor & Equipment Maintenance
Maintenance of scrap conveyors, assembly line components, and material handling systems.

RELIABLE SYSTEMS.
CONTINUOUS PERFORMANCE.

CONSTRUCTION & CIVIL ENGINEERING WORKS

Quality Construction. Reliable Infrastructure Solutions.

At MSR TOP MECX ENGINEERING SDN BHD, we provide construction and civil engineering services for industrial facilities, commercial properties, and infrastructure projects.

Our experience covers factory renovation, structural works, concrete bridge construction, fencing installation, and facility improvements, with a strong focus on quality workmanship and project requirements.

OUR KEY SERVICES

01. Factory & Facility Renovation
Renovation and improvement works for industrial facilities, workshops, and commercial spaces.

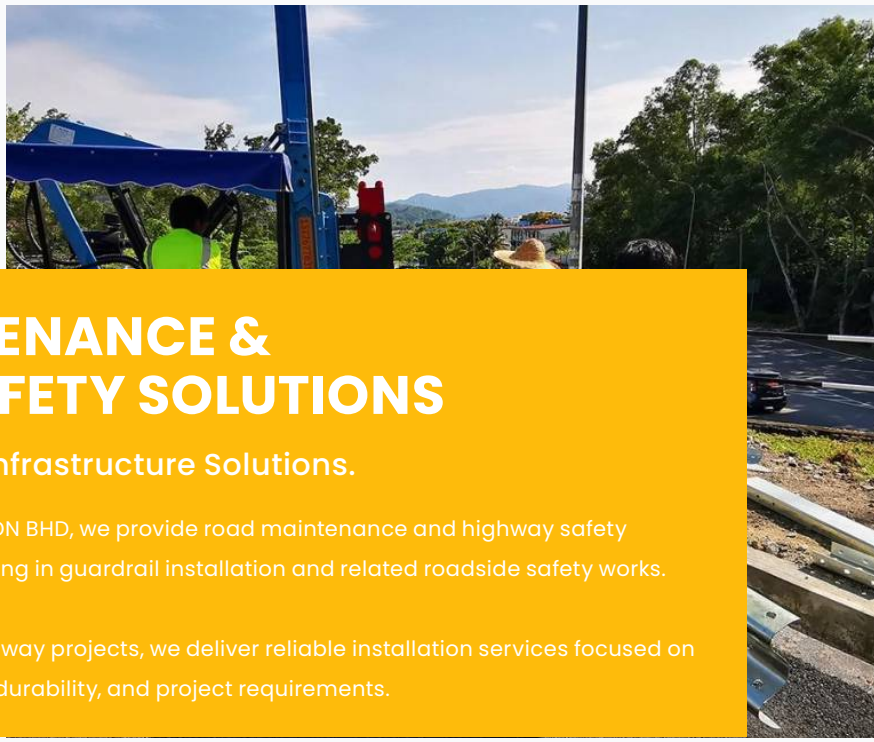

02. Civil & Structural Works
Construction of concrete structures, bridges, and supporting infrastructure.

03. Steel Structure Fabrication
Fabrication and installation of steel structures, platforms, and structural components.

03. Steel Structure Fabrication
Fabrication and installation of steel structures, platforms, and structural components.

05. Industrial Facility Improvements
Construction and modification works to support operational requirements and facility functionality.

QUALITY CONSTRUCTION. LASTING SOLUTIONS.

ROAD MAINTENANCE & HIGHWAY SAFETY SOLUTIONS

Safer Roads. Reliable Infrastructure Solutions.

At MSR TOP MECX ENGINEERING SDN BHD, we provide road maintenance and highway safety infrastructure services, specialising in guardrail installation and related roadside safety works.

With practical experience in highway projects, we deliver reliable installation services focused on quality workmanship, structural durability, and project requirements.

OUR KEY SERVICES

01. Highway Guardrail Installation
Supply and installation of steel guardrails for highways and expressways.

02. Road Safety Infrastructure
Installation of roadside safety barriers and protective steel structures.

03. Guardrail Maintenance Works
Maintenance and replacement of highway guardrail components.

04. Emergency Median Opening Works
Installation and modification of emergency median opening systems.

05. Highway Infrastructure Support
Steel fabrication and installation services for road maintenance and highway safety projects.

SAFER INFRASTRUCTURE. RELIABLE PERFORMANCE.

HIGHWAY SAFETY EQUIPMENT & CRASH CUSHION SOLUTIONS

Advanced Road Protection. Safer Highway Infrastructure.

At MSR TOP MECX ENGINEERING SDN BHD, we provide highway safety equipment installation and infrastructure support services, backed by practical experience in road maintenance and guardrail projects.

Our capabilities include steel safety barriers, roadside protection systems, and installation support for highway safety equipment, with a focus on quality workmanship and project specifications.

OUR KEY SOLUTIONS

01. Crash Cushion Systems
Installation support for impact-absorbing safety equipment designed to reduce collision severity.

02. Highway Guardrail Systems
Installation of steel guardrails and roadside protective barriers.

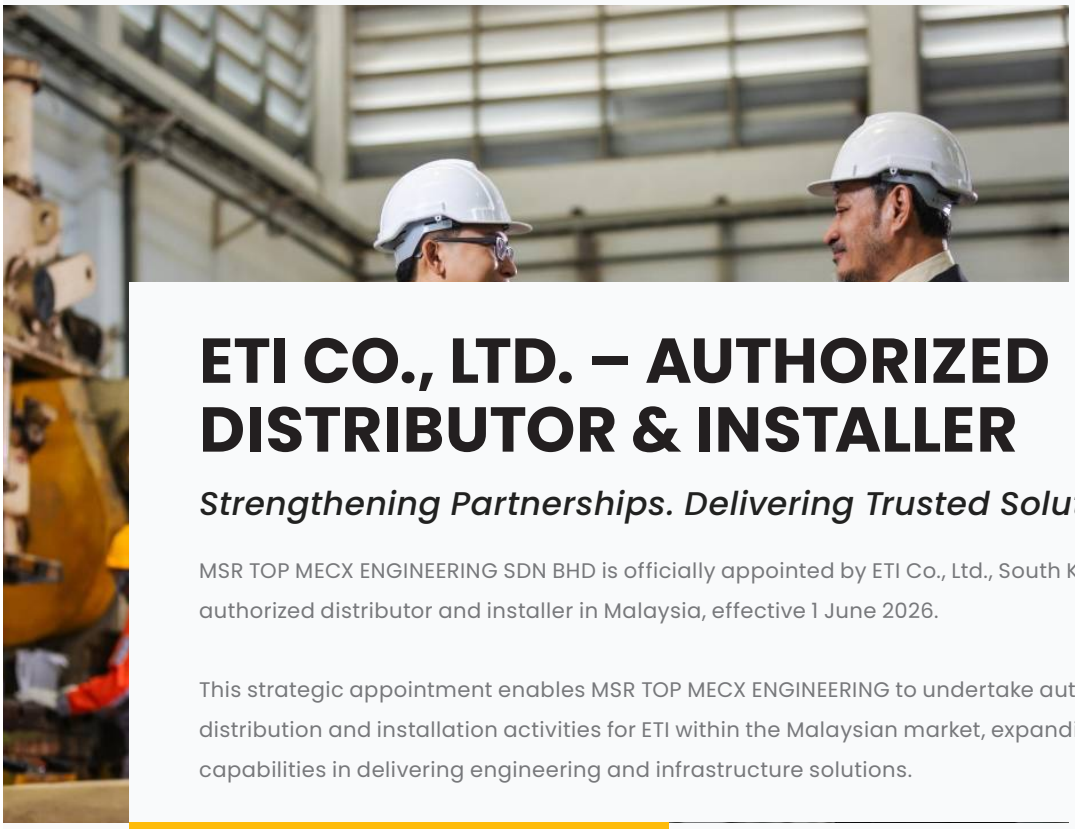

03. Road Safety Equipment
Installation support for highway safety equipment and protective structures.

04. Emergency Median Opening Systems
Installation and modification support for emergency access and median opening arrangements.

05. Highway Safety Installation & Maintenance
Technical installation, component replacement, and maintenance support for road safety infrastructure.

ENGINEERED FOR PROTECTION. COMMITTED TO SAFETY.

ETI CO., LTD. – AUTHORIZED DISTRIBUTOR & INSTALLER

Strengthening Partnerships. Delivering Trusted Solutions.

MSR TOP MECX ENGINEERING SDN BHD is officially appointed by ETI Co., Ltd., South Korea, as an authorized distributor and installer in Malaysia, effective 1 June 2026.

This strategic appointment enables MSR TOP MECX ENGINEERING to undertake authorized distribution and installation activities for ETI within the Malaysian market, expanding our capabilities in delivering engineering and infrastructure solutions.

PARTNERSHIP HIGHLIGHTS

01. Official Authorization
Appointed by ETI Co., Ltd. as an authorized distributor and installer in Malaysia.

02. International Partnership
Establishing a professional business relationship with ETI Co., Ltd., South Korea.

03. Distribution & Installation
Authorized to carry out distribution and installation activities within Malaysia.

04. Technical & Development Support
Mr. Ishak Bin Abidin is the designated Technical & Development Advisor named in the appointment letter.

05. Appointment Validity
Effective from 1 June 2026 for a period of two years, subject to evaluation and renewal.

BUILDING GLOBAL PARTNERSHIPS. DELIVERING LOCAL EXPERTISE.

INDUSTRIES WE SERVE

Strengthening Partnerships. Delivering Trusted Solutions.

At MSR TOP MECX ENGINEERING SDN BHD, we serve a wide range of industries with specialised engineering, fabrication, installation, and maintenance solutions.

Our experience across manufacturing, construction, and infrastructure enables us to support diverse operational requirements with quality workmanship and technical expertise.

OUR INDUSTRY COVERAGE

01. Automotive Industry

Steel pallet fabrication, stamping machinery, robotic systems, assembly lines, and conveyor installation.

02. Manufacturing & Industrial Facilities

Machinery relocation, mechanical and electrical works, industrial fabrication, and equipment maintenance.

03. Construction & Civil Engineering

Structural fabrication, factory renovation, concrete works, fencing, and facility improvements.

04. Transportation & Rail Infrastructure

Construction, fabrication, and installation support for transportation facilities and rail infrastructure projects.

05. Highway & Road Maintenance

Highway guardrail installation, road safety barriers, and infrastructure maintenance services.

SUPPORTING INDUSTRIES. DELIVERING ENGINEERING EXCELLENCE.

OUR PORTFOLIO

Proven Experience. Quality Engineering Solutions.

At MSR TOP MECX ENGINEERING SDN BHD, our portfolio reflects our experience in delivering engineering, fabrication, machinery installation, construction, and infrastructure projects across various industries.

Through technical expertise, quality workmanship, and a commitment to client requirements, we have successfully completed projects for automotive manufacturers, industrial facilities, and infrastructure organisations.
