

COMPANY PROFILE OF

MECHTEN ENGINEERING SUPPLIES

Engineering Excellence. Precision Parts.

Welcome to MECHTEN ENGINEERING SUPPLIES

We Deliver Reliable Engineering Solutions for Malaysia's Manufacturing Sector With strong technical expertise and fast response, we are your trusted long-term engineering partner, keeping production smooth and efficient.

MECHTEN ENGINEERING SUPPLIES OVERVIEW

We are a specialized engineering company with over 20 years of experience in air shaft repair and servicing, alongside the supply of rotary joints and a wide range of mechanical parts.
With strong technical expertise and industry knowledge, we are committed to delivering reliable solutions that support smooth and efficient industrial operations.

Our Products

- **Air Shaft Repair & Service**

We provide professional repair, maintenance, and refurbishment services for all types of air shafts. Using proper repair techniques, we ensure optimal performance while preserving the original integrity and lifespan of the components.

- **Rotary Joint Supply**

We supply high-quality rotary joints suitable for various industrial applications. Through collaboration with reputable overseas brands, we ensure durability, reliability, and consistent performance.

Mechanical Parts Supply

We supply a wide range of high-quality mechanical components, including couplings, universal joints, hoses, and more. Our products are carefully selected to ensure durability, reliability, and smooth operation across various industrial applications.

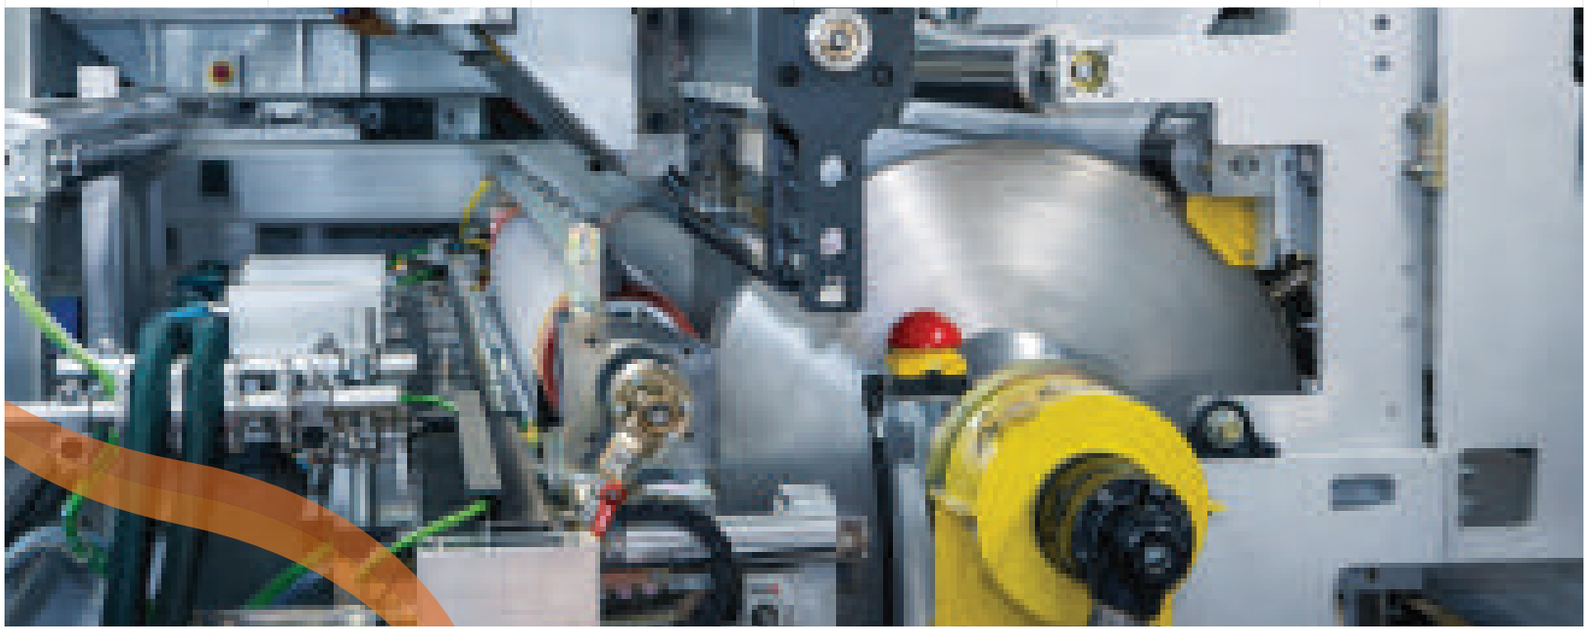

Industrial Parts Fabrication

We specialize in the custom fabrication of industrial metal parts, tailored to meet specific operational requirements. Our solutions are designed to ensure precision, durability, and reliable performance across various industrial applications.

Industries We Serve

We support a broad range of industries, including:

- Tire Manufacturing
- Packaging
- Rubber & Plastics
- Paper
- Stretch Film
- Steel

PRODUCTS & SERVICES

We specialize in providing high-quality, precision-engineered components designed to meet the specific needs of various industries. Our extensive product range and services ensure we can offer tailored solutions that deliver exceptional performance and reliability.

Our Services

Quality

We associates with professional partners and we will ensure the product quality at its best.

Reliability

We provide best solution and professional method to meet your requirement.

Responsiveness

We understand how urgent and immediate you need an answer, and we will always available to serve your needs.

Fast Delivery

We handle with efficient and fastest way to get your order delivery within short time.

CLIENTELE & PARTNERSHIPS

We take pride in building long-term relationships with our clients and partners by consistently delivering high-quality, precision-engineered components. Our diverse clientele spans across various industries, and we are proud to collaborate with key industry players and leading organizations.

Strategic Partnerships

We collaborate with industry-leading suppliers, distributors, and technology partners, ensuring we offer the latest solutions and expand our global reach.

Client Testimonials

"Mechten Parts provides high-quality components that have significantly improved our operations."

– AutoParts Inc.

"Their precision-engineered parts are unmatched in quality and reliability."
