COMPANY PROFILE

Excellence in Roadworks & Material Logistics

MESSAGE

Pioneers in Roadworks, Material Logistics, and Sustainable Solutions. With over 7 years of expertise, we are committed to delivering high-quality construction services and responsible material management. Our focus on innovation and sustainability drives our passion for excellence in every project we undertake.

Business Registration Number:
201703188819 (SA0427030-K)
Business Registration Date: 29-05-2017
Business Expiry Date: 15-07-2027

INTRODUCTION & BACKGROUND

RKN Sri Kaliamman Enterprise is a trusted and dynamic sole proprietorship based in Selangor, Malaysia. Established on 29th May 2017, the company has rapidly built a reputation for excellence in the construction and material logistics industry. With a deep commitment to quality, innovation, and sustainability, we specialize in a wide range of services, including roadworks, transportation, and scrap material management.

Our company is registered under the Business Registration Act 1956 with the Business Registration Number 201703188819 (SA0427030-K), and our operations are conducted from our main office located at No.21A Lot 2722 Jalan Ladang Telok, 42500 Telok Panglima Garang, Selangor.

RKN Sri Kaliamman Enterprise is led by Chitra Selvan A/L Rajindaran, a seasoned entrepreneur, with a mission to provide the most efficient, high-quality services to clients. Over the years, we have developed a proven track record of delivering projects on time and within budget, contributing to the growth and development of infrastructure in the region.

Our services range from road construction, premix laying, and material transport to the recycling and dealing in scrap metal. We pride ourselves on offering tailored solutions that meet the unique needs of each client, from government contracts to private sector projects.

BUSINESS SCOPE

RKN Sri Kaliamman Enterprise specializes in a broad spectrum of services, primarily focused on infrastructure development, material logistics, and environmental sustainability. Our diverse range of offerings enables us to cater to various sectors, including construction, public infrastructure, and waste management. We ensure that each service is delivered with the highest standards of quality, safety, and efficiency.

1. Roadworks & Infrastructure Services

- **Road Construction:**
We undertake the full scope of road construction, from earthworks to paving, ensuring all roads are built to last with strong foundations and durable surfaces.

- **Premix Laying:**
We specialize in the laying of premix asphalt for smooth, high-quality road surfaces that meet all regulatory standards for traffic and weather resilience.

- **Specialized Roadworks:**
Offering specialized services such as drainage installation, road marking, and road signage installation to enhance the safety and usability of infrastructure.

2. Scrap Material Management

- **Scrap Metal Dealing:**
We purchase scrap metals such as steel, aluminum, and copper, providing fair pricing for both individual and bulk sellers. Our efficient handling ensures that materials are processed for recycling and reuse.

- **Recycling Services:**
We play an active role in environmental sustainability by recycling various materials, reducing waste, and promoting a circular economy.

- **Material Trading:**
We also engage in the buying and selling of industrial surplus materials, such as used machinery parts, steel, and other raw materials for construction.

3. Transport & Logistics Services

- **Material Transport:**
We provide reliable transport services for construction materials, ensuring timely and secure delivery to project sites. Our fleet is equipped to handle large-scale logistics operations with efficiency.

- **Equipment Transport:**
In addition to materials, we specialize in transporting heavy machinery and construction equipment safely to and from job sites.

At RKN Sri Kaliamman Enterprise, we take pride in offering tailored solutions to meet the unique needs of our clients, ensuring we provide high-quality services that contribute to sustainable and effective infrastructure development.

MISSION

At RKN Sri Kaliamman Enterprise, our mission is to provide innovative, sustainable, and high-quality solutions in the fields of road construction, material logistics, and scrap management. We are dedicated to building strong, reliable infrastructures while ensuring environmental sustainability through our recycling efforts. Our commitment to excellence drives us to consistently deliver projects on time and within budget, while upholding the highest standards of safety and customer satisfaction.

VISION

Our vision is to be the leading provider of construction and material logistics services in Malaysia, recognized for our innovation, integrity, and commitment to sustainability. We aim to expand our capabilities and grow our market presence, while maintaining a strong focus on environmental responsibility and community development. We envision a future where every project we undertake leaves a lasting positive impact on both the infrastructure and the environment.

CORE VALUES

- **Excellence:** We strive to deliver top-quality services in every project, ensuring the highest standards of craftsmanship and performance.
- **Sustainability:** Committed to environmental responsibility, we prioritize eco-friendly practices in road construction and material recycling.
- **Integrity:** We maintain transparency, honesty, and accountability in all our dealings with clients, partners, and stakeholders.
- **Innovation:** We embrace new technologies and methods to improve efficiency, safety, and service delivery.
- **Customer Satisfaction:** We put our clients first, tailoring solutions to meet their unique needs and ensuring timely, reliable service.

KEY PROJECT PARTNERS & CLIENTS

At RKN Sri Kaliamman Enterprise, we are proud to collaborate with a diverse range of clients and partners across various sectors. Our dedication to excellence and reliability has earned us the trust of both public and private entities. Our key project partners and clients include:

Government Agencies

Public Works Department (JKR):

We collaborate with local and national government agencies for infrastructure development, including road construction and public facility projects.

Municipalities:

Working closely with municipal governments, we provide essential roadworks, drainage solutions, and material logistics for urban development.

Private Sector Clients

Construction Firms:

Partnering with top construction companies, we provide roadworks, materials transportation, and supply services for major residential, commercial, and industrial projects.

Real Estate Developers:

Our services support real estate projects, from land preparation and road construction to delivering quality materials for site development.

Retail & Commercial Entities:

We offer materials management and logistics services to various retail chains, factories, and businesses in need of bulk materials or recycling services.

Our Clients:

- Mutiara Batu Laut Enterprise
- Triman Bestari Ventures
- Manj Empire
- OBSBNA Enterprise
- GT Max Construction Sdn. Bhd.
- TNZ Iltizam Sdn. Bhd.
- SPS Corporation
- Xynergy Sdn. Bhd.
- NCY Piping
- Derwira Raya (M) Sdn. Bhd.
- Jurumart Sdn. Bhd.
- Voty Builder Sdn. Bhd.
- QEI Enterprise
- A Palmit Eco Engineering Sdn. Bhd.
- Ana Major Hari Enterprise
- Herani Enterprise
- SBC Building Management Service
- Premier Builders
- Asia Malaysia Infrastructure
- Klangrealy Development
- Hboon Renovation Works
- ET Setia Builder Sdn. Bhd.
- Regain Harmony Sdn. Bhd.
- PPK Technology Sdn. Bhd.
- Aradama Enterprise
- CB Palm Industrial Sdn. Bhd.
- Tktjava Elektrik Sdn. Bhd.
- Rimba Bumi Jaya
- Triple N Trading Construction
- Pemaju Perkasa Jaya Sdn. Bhd.
- CMP Hyprotech Sdn. Bhd.
- Mufafka A M Enterprise
- Kno Maju Sdn. Bhd.
- Riza Altajaria Sdn. Bhd.
- Adat 88 Sdn. Bhd.
- Benua Maju Metal Trading
- Bellayar Meyah Resources
- CBL Solution Sdn. Bhd.
- Jamin Manfap Resources

Key Partners

Material Suppliers:

We have established relationships with leading suppliers of construction materials and scrap metal, ensuring high-quality sourcing and fair pricing.

Logistics Providers:

Our strong network of logistics partners helps us deliver materials and equipment efficiently to job sites across the region.

RKN Sri Kaliamman Enterprise is committed to fostering long-term relationships with all our partners and clients, ensuring the success of every project we undertake.

CORE SERVICES

RKN Sri Kaliamman Enterprise offers a wide range of services tailored to meet the unique needs of the construction, logistics, and recycling industries. Our focus on quality, safety, and sustainability drives us to provide exceptional services across various sectors.

1. Roadworks & Infrastructure Development

Road Construction:

From land preparation to paving, we provide comprehensive road construction services for both public and private infrastructure projects. Our roads are built to withstand heavy traffic and environmental conditions.

Road Signage & Marking:

We install road signs, traffic lights, and markings to improve road safety and comply with regulatory standards.

Premix Laying:

We specialize in laying high-quality premix asphalt, ensuring smooth and durable road surfaces for long-term performance. Our premix laying services meet all relevant standards for traffic and weather resilience.

2. Scrap Metal & Material Management

Scrap Metal Dealing:

We purchase and process various types of scrap metal, including steel, aluminum, and copper. Our competitive pricing ensures a profitable solution for suppliers of scrap materials.

Recycling & Reprocessing:

We are committed to environmental sustainability by recycling materials such as metals and construction debris. Our recycling processes help reduce waste and support the circular economy.

Material Sourcing & Trading:

We source high-quality construction materials for various projects, including surplus materials and machinery, ensuring reliable supply at competitive prices.

3. Transport & Logistics Solutions

Construction Materials Transport:

Our fleet is equipped to handle the transportation of heavy construction materials such as cement, stones, and asphalt, ensuring timely and secure delivery to job sites.

Heavy Equipment Transport:

We specialize in the safe and efficient transportation of construction machinery, ensuring that equipment reaches project sites on time and without damage.

4. Environmental & Sustainable Services

Waste Management:

We offer services that help businesses manage and dispose of industrial waste in an environmentally responsible manner, ensuring compliance with regulations and reducing landfill use.

Sustainable Practices:

Our focus on sustainable construction practices includes sourcing eco-friendly materials and using energy-efficient equipment, ensuring minimal environmental impact.

SERVICES BREAKDOWN

RKN Sri Kaliamman Enterprise provides a wide range of services across roadworks, material management, and logistics, all designed to meet client needs efficiently and sustainably.

1. Roadworks & Construction

- Site Preparation: Excavation, leveling, and clearing.
- Road Construction: Full road construction with durable surfaces and drainage.
- Asphalt & Premix Laying: High-quality surface laying for smooth, long-lasting roads.
- Pavement Repairs: Resurfacing and patching to extend road life.
- Road Markings & Signage: Installation of traffic signs and road markings.

2. Material & Scrap Management

- Scrap Metal Dealing: Purchase and processing of metals like steel, aluminum, and copper.
- Recycling & Waste Management: Sustainable recycling and waste disposal.
- Material Sourcing: Reliable sourcing of construction materials, including recycled options.

3. Transport & Logistics

- Construction Materials Delivery: Timely transport of materials to job sites.
- Heavy Equipment Transport: Safe delivery of machinery to and from sites.
- Bulk Materials Handling: Efficient transportation of large quantities of materials.

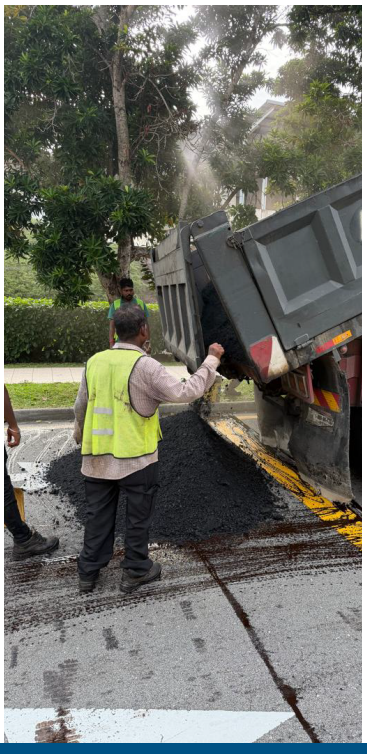

4. Environmental & Sustainable Solutions

- Eco-Friendly Practices: Use of energy-efficient equipment and green materials.
- Waste & Debris Removal: Responsible disposal of construction waste.
- Sustainable Road Materials: Use of recycled and eco-friendly construction materials.

MARKET EXPERTISE & SUSTAINABILITY

RKN Sri Kaliamman Enterprise excels in roadworks, material logistics, and scrap management. Our expertise ensures we deliver efficient, high-quality services across multiple sectors.

Market Expertise

- Roadworks: Expertise in construction, premix laying, and road signage.
- Material Management: Specializing in scrap metal dealing and recycling.
- Logistics: Efficient transport of materials and heavy equipment.

Sustainability Practices

- Eco-Friendly: Using recycled materials and energy-efficient equipment.
- Recycling: Reducing waste through material recycling and responsible disposal.
- Green Construction: Incorporating sustainable materials like recycled asphalt.

COMPANY MILESTONES & ACHIEVEMENTS

RKN Sri Kaliamman Enterprise has marked key milestones since 2017, reflecting our growth, quality service, and sustainability commitment.

Milestones

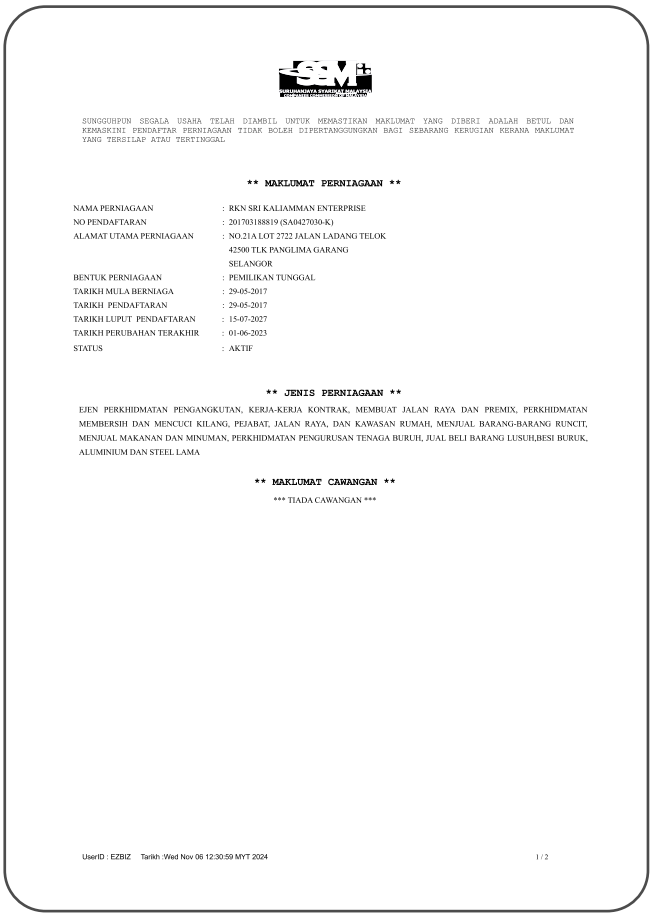

- Founded: Established in May 2017.
- Registered: Business registration SA0427030-K.
- Sustainability Initiated: Recycling and green practices adopted in 2018.

Achievements

- Major Projects: Successful completion of key infrastructure projects.
- Environmental Recognition: Acknowledged for sustainable construction methods.
- Fleet Expansion: Expanded machinery in 2021 to support larger projects.

OUR CERTIFICATIONS

RKN Sri Kaliamman Enterprise is committed to maintaining the highest standards of quality, safety, and compliance across all of our services. Our certifications reflect our dedication to excellence in construction, material management, and environmental sustainability.
