ABOUT OUR COMPANY

A BRIEF STORY ABOUT THE COMPANY

SKSHA is a leading engineering, construction, and supply company dedicated to delivering reliable, high-quality solutions across Malaysia. Established with a vision to combine technical excellence with practical experience, we have steadily grown into a trusted partner for both public and private sector projects.

Over the years, SKSHA has successfully executed numerous projects in civil, mechanical, and electrical engineering, as well as in industrial supply, maintenance, and infrastructure development. Our reputation is built on professionalism, integrity, and a commitment to exceeding client expectations.

With a team of experienced engineers, technicians, and project managers, we ensure every project is executed safely, efficiently, and to the highest standard of quality. Our strong operational structure, supported by advanced equipment and skilled manpower, allows us to meet the evolving demands of the construction and industrial sectors.

At SKSHA we believe in sustainable growth, innovation, and long-term partnerships. Our goal is to continue contributing to national development by providing reliable services that shape a stronger and more resilient future for our clients and communities.

Building the nation with integrity, quality, and excellence - one project at a time.

BRINGING IDEAS AND INNOVATION
TO LIFE THROUGH TECHNOLOGY

MISSION

We aim to deliver high quality services with advanced sustainable design and added economic value that contributes to a greater bond with our clients.

VISION

Our vision is to be the most compelling metal engineering company that serves worthwhile engineering solutions to clients across Asia.

CORE VALUES

01 Passionate & Skillful Team Player. The people in our team makes it possible for the accomplishment of every tasks and projects assigned to the company.

02 Engagement, Communication & a Healthy Culture. We believe that in building greater network with our clients, our internal setup which is where we are coming from has to be equivalently outstanding.

03 Team Player Enrichment. Our team members are exposed to self development & enrichment courses that allows them to deliver quality services that drives us to better recognition within the construction industry and sustain existing clients.
